Summer Reading Book - Hatchet.
Written by Gary Paulsen.

After you have finished reading the book, create a one pager to summarize the book. (Use the page provided).

A one pager is a one-page (single sided) response to your research or reading. It allows you to respond creatively to your topic.

You should include drawings and writing. Your design should be eye-catching, colorful, and make good use of the space (not all in one corner of the page). Decorate borders on left and right side of the page.

The requirements and steps to guide you in completing this assignment are listed on the next page.

★ You may write on the back of the one pager if you run out of room.

★ This is due August 14, 2026.
