- 10 plastic dividers with pockets
- One fabric pencil pouch
- 500 Index Cards
- 1 pack of colored pencils
- 1 spiral bound notebook
- Bible – If you do not currently have one at home – Preferably ESV version
- Chromebook Cover (recommended)

This Amazon list gives you a great idea of what each child will need for school supplies this year. You're welcome to add items to your cart directly from this list or find similar alternatives that work for you.

One important requirement: Each student will need 6 flat, colored binders—one for each subject. The colors we're using to help teach organization and structure are:

- Pink
- Orange
- Purple
- Green
- Blue
- Red

We are implementing a focus on organization in middle school, and having one color-coded binder per subject helps students build those essential skills. The flat-style binders shown on this Amazon list are ideal—they help save space in backpacks and lockers while keeping everything neat and accessible.

A technology fee of \$100 per student is due by the 1st day of school.
